REASONS FOR ALLOWANCE

1. The following is an examiner's statement of reasons for allowance: The claims 1-15, 26-28 and 31-42 are allowable over the prior art of record for at least the reason that the prior art fails to teach or suggest an apparatus. comprising: a plurality of levers that convert a lesser input force to a greater output force for support of a heat sink component coupled with an electronic component; wherein the plurality of levers comprises a first moment arm lever and a second moment arm lever; wherein the first moment arm lever comprise a leaf spring moment arm lever or wire form moment arm lever that converts the lesser input force to an intermediate force on the second moment arm lever, wherein the intermediate force is greater than the lesser input force; wherein the second moment arm lever converts the intermediate force on the second moment arm lever to the greater output force, wherein the greater output force is greater than the intermediate force; wherein the second moment arm lever employs the greater output force for support of the heat sink component; wherein the second moment arm lever applies a compressive force to the heat sink component as the greater output force via a combined deflection of the first moment arm lever and the second moment arm lever. The claims 18-22 and 29-30 are allowable for the reason set forth in the previous office action.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
